Libraries have faced tremendous budget cuts in the past few years. Despite growing operational costs needed to meet daily expenditures such as programming, outreach and expansion; Sulphur Springs Public Library has continued to serve community residents. By offering a wide array of resources, information and programs, Sulphur Springs Public Library has become a major contributor in the growth and development of the community at large. According to a recent survey, Sulphur Springs Public Library patrons desire a broader range of service offerings that provide extended use of the Internet, with inclusions for wireless and portable devices; access to workshops and seminars, along with guest authors and lecturers. Please assist us in this fundraising effort as we seek to continue providing the public with quality service and programming.

*All Proceeds of the Gala
go to support
Sulphur Springs Public Library.
Thank you for your support!*
